

**Reference:** LVS-001

**Name:** PACKING MACHINE

**Year:** .

**Brand:** IM2

**Width:** .

**Description:** Packing machine.

Plastic Feeder - soldering iron and shrink tunnel.

Feeding.

Brand IM-2. Model Sigma 1200. Type AL.

Voltage 380 V - 3f.

Coil maximum length 1.200 mm.

Cutting and working width 1.200 mm.

Includes cooling system for the guides of the shrink tunnel.

Shrink tunnel.

Brand IM-2. Model TAV 7540. Type CP-RI.

Voltage 380 V - 3f.

Input measures 700 mm x 450 mm.

Tunnel length 2.500 mm.

Two fans incorporated at the end of the tunnel for cooling the package.

Measures of the set: 6.500 mm x 1.800 mm.
