

Reference: LFR-113

Name: HOT WATER BOILER

Year: .

Brand: ROCA

Width: .

Description: Sanitary hot water boiler with natural gas operation

Nominal useful power: 210,000kcal / h / 944.2kW

Max working temperature: 100°C

Max working pressure: 5bar

Total heating area: 9.21m²

Combustion chamber overpressure: 4 mbar

Water capacity: 297lts

ROCA burner type TECHNO 28G

Gas train, impulsion pump and expansion vessel are included.
